-  Care management of my chronic conditions, including timely scheduling of all recommended preventive care services, medication reconciliation, and oversight of my medication management,
-  Creation of a comprehensive plan of care for all my health issues that is specific to me and congruent with my choices and values,
-  Management of my care as I move between and among health care providers and settings, including:
 - » Referrals to other health care providers
 - » Follow-up after I visit an emergency department
 - » Follow-up after I am discharged from the hospital or other facility (e.g., skilled nursing facility)
 - » Coordination with home- and community-based providers of clinical services
